Security Ministry Policy

Part 1: Introduction

A. References

1. Safety, Security and Emergency Response Plan. Or HaOlam Messianic Congregation, 2017.
2. The Church Safety & Security Guidebook. 2nd ed. Brotherhood Mutual, 2015.

B. Purpose

The Security Ministry Policy of Or HaOlam (hereinafter 'OHO') sets forth the conditions and standards for having volunteer armed security personnel serve the congregation in emergency response.

C. Law

Following are relevant sections of Kansas Statutes that have a bearing on armed response to crisis situations.

1. K.S.A. 60-3601 provides that immunity exists for uncompensated officers, directors (board members) and other volunteers of tax-exempt organizations from liability for ordinary acts and omissions committed during the course of their volunteer work for the organization, provided the organization maintains general liability insurance. Or HaOlam does have such insurance through Brotherhood Mutual.
2. K.S.A 75-7c03 says that a license is not required for person to carry a concealed handgun, whether loaded or unloaded.
3. K.S.A. 75-7c10 provides that a private entity is not liable for any wrongful act or omission relating to actions of persons carrying a concealed handgun and concerning acts or omissions regarding such handguns.
4. K.S.A. 21-5220 through 21-5231 defines deadly force as action taken that will result in death or serious bodily injury. By Kansas law deadly force is only justified when the purpose is to defend self or others, including in any dwelling, place of work or occupied vehicle, against the imminent unlawful use of force by another person and thus to prevent death or great bodily harm. The person defending is not required to retreat in the face of such threat. The use of deadly force is also authorized against someone who enters a building with the intent of removing another person against such other person's will.

D. Insurance Coverage

Brotherhood Mutual Insurance Company is the insurer for OHO and the policy specifies Security Operations Liability Coverage. This coverage

1. Pays specified amounts for medical costs, wage loss, counseling cost and cost of damage to or loss of security-related equipment to emergency response personnel affected by an emergency response incident.
2. Pays for personal injury or emotional injury damages that the ministry, leaders or security team members become obligated to pay as a result of enforcing OHO security plans and policies or as a result of emotional distress caused by OHO security operations.

Or HaOlam Messianic Congregation Security Ministry Policy

3. Under this form, all applicable liability coverages of the insurance policy will apply to the volunteer security personnel on a primary basis (before their personal homeowner's coverage).
4. Removes the effect of the "intentional act exclusion" on OHO and covered individuals who have not used "unreasonable" force.

E. General Firearms Policy

1. While Or HaOlam does not promote or require regular congregants, members or staff to bring firearms to any service or event at Or HaOlam, Or HaOlam does follow Kansas law concerning lawful carry of firearms by such individuals.
2. Or HaOlam does not display a notice of weapons being prohibited since criminals would not respect such a sign.
3. Persons who attend OHO services carrying a concealed firearm are asked to inform the Rabbi.
4. Persons carrying a handgun are expected to keep the weapon concealed while on OHO property so as not to invite interest from others.
